COVID-19 Procedures

VSC is dedicated to following all procedures recommended by Governments and Health agencies on proper protocols.

Screening for Symptoms

Ongoing health checks and COVID-19 screenings have become the new normal for many sports organizations as a key safety measure suggested by local governments and health regulators. All those in attendance at the VSC Summer Day Training Program, MUST use the 'Check-In' Now app created by our service provider, Power Up Sports. This feature will allow parents/guardians to easily use a screening tool that can be self-administered by participants prior to each group activity/session.

COVID-19 Screening

Parents are required to download the Power Up app and complete the Covid-19 questionnaire on the Power Up app to show their child is "Checked In" prior to the player entering the field. Additional instructions and details will be provided via email the week prior to the program beginning.
